

Filament tape

Description:

In length reinforced tape

Application:

Used to strengthen insulation pipe sections and to keep the scales in place.

Technical specifications:

Width	: 12, 19, 25, 50 mm
Length	: 50 m
Thickness (total)	: 0.13 mm
Adhesive	: rubber
Adhesive strength	: 2.250 gram / 25 mm
Tensile strength	: 60 kg / 25 mm
Temperature	: -15 tot 40 °C
Break at elongation	: 5%
Colour	: white
